## 2022-2023 ABT District Annual Education Report (AER)

January 23, 2023

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2021-2022 educational progress for the Academy for Business and Technology and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Carmen Willingham for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site <https://bit.ly/3Fym4vi>, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

**Student Assessment Data** - Includes the following four assessments: M-STEP (Michigan Student Test of Educational Progress), College Board PSAT, and College Board SAT. This report section presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, compared to state averages for all students as well as subgroups of students. The report helps users to understand achievement performance within grades and schools, and to make comparisons to district, state, and national achievement benchmarks.

### **Accountability - Detail Data and Status**

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale.

#### Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject area or field for which they are certified

#### NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

#### Civil Rights Data

- Provides information on school quality, climate, and safety

Review the table below listing our schools. For the 2021-2022 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all

schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. ABTE was identified in 2018-19 and for 2019 and 2020 school years index data was not available due to the waiver of federal accountability reporting requirements. In these cases, no status label is given. ABT MS/HS has been identified with the label CSI.

I would like to personally congratulate the staff, students, and families of the Academy for Business and Technology District on a successful school year. As always, we are striving to increase academic achievement through offering extended learning opportunities, providing in-school academic support, and continuing to diversify programming for our students and their families. Thank you for choosing The Academy for Business & Technology District for your child's education. We look forward to continuing to provide a quality education to you and your family.

Sincerely,

*Carmen Willingham*

*The National Assessment of Educational Progress (NAEP) is periodically administered by the U.S. Department of Education based on assessments administered to samples of students in each state. Federal regulations require the display of state level NAEP data on the Annual Education Report. These data represent the performance of the most recent sample of Michigan students on the NAEP.*
