

2021-22 ABT Elementary Annual Education Report (AER)

January 3, 2022

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2021-2022 educational progress for the Academy for Business & Technology Elementary school. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Galarza for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.abtelementary.com> or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2018-19. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2017-18. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2016-17. Some schools are not identified with any of these labels. In these cases, no label is given. For the 2020-2021 school year, our school was not given a label.

During the 2020-2021 school year, the Academy continued to transition due to the global pandemic. On March 12, 2020, we closed our school. As a result, we had to transition to remote learning. When we returned in the Fall, parents were given an option between 100% online learning or hybrid learning. About 50% of our students participated in online learning while the other 50% in hybrid learning. Some of our greatest challenges were as follows: One of our greatest challenges was lack of student participation. The attendance rate increased to 93.4% compared to 90% prior to COVID-19. Please note that this is based on both virtual attendance and in person attendance. Also, while some students were attending

their online classes, they were not completing their assignments for a variety of reasons. Another challenge was teacher shortage. These challenges impacted student learning greatly during the pandemic.

Some of our key initiatives to close the achievement gap are as follows: 1.) We have continued with the implementation of the Multi-Tiered-Systems of Support (MTSS) Program. The MTSS program will continue to include mathematics and reading and the delivery system is characterized by individual and small group instruction during "tired time." We were able to provide parents with opportunities for virtual interventions during the pandemic. 2.) And, finally, we are continuing with the implementation of Instructional Learning Cycles (ILC) that will provide for re-teaching those standards that evidence low levels of student achievement.

State law requires that we also report additional information:

1. Process for assigning students to the school

- The Academy for Business & Technology is a free, public school and adheres to all requirements outlined by its charter authorizer and federal and state law regarding enrollments.
- The academy does not charge tuition nor discriminate in admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, religion, creed, race, sex, color or national origin.
- Current students are given the opportunity to re-enroll in late winter, with preference given to them and their siblings.
- In the spring, the school holds an advertised open enrollment period, during which any Michigan resident may apply.
- In the event that any grade is oversubscribed, a public lottery is held to determine enrollment and a waiting list.
- The academy identifies, evaluates and services all children in the school who may have disabilities. For more information regarding assistance for students with disabilities or if you suspect your child may have a disability, please contact the school leader.

2. The Status of the 3-5 year school improvement plan

The school improvement plan was developed by the school improvement team, which met to assess progress based on standards and objectives set forth by the state of Michigan and those outlined in the academy's charter contract. The 2020-2021 ABTE School Improvement Plan (SIP) detailed four (4) Goals to be the focus for the year. These goals were: (1) Mathematics, (2) English Language Arts, (3) Science, and (4) Social Studies. Each of the Goals for this school year were restated as Measurable Objectives with an achievement goal of 85% proficiency by 6/30/22. The plan is reviewed on an ongoing basis along with continuous review of the curriculum. Faculty, parents, students and staff members were encouraged to submit feedback to

the school improvement team for formal discussion.

3. A brief description of each specialized school

The Academy for Business & Technology Elementary School is a public charter school located in Dearborn, MI. We are chartered by Eastern Michigan University and serve students in grades kindergarten through fifth grade. Our curriculum and class offerings meet the State of Michigan requirements and strive to prepare students for success after graduation. Our school is distinctive, designed specifically to meet the existing and emerging needs of our community. The Academy for Business & Technology offers the following:

- High expectations for academics and behavior
- Personalized student attention
- Caring, highly qualified teachers
- Hands-on, relevant learning
- Safe, nurturing environment

4. Identify how to access a copy of the core curriculum, a description of its implementation and an explanation of the variances from the state model.

Status of the Curriculum

The Academy for Business & Technology utilizes various available curriculum and resources to meet the rigorous expectations of the Common Core State Standards (CCSS). These resources aid the teachers in planning, instructing, and assessing the students to ensure mastery of all core subject areas. The curriculum is available in the school office. The teachers and staff at the Academy for Business & Technology use the process of backwards planning to create instructional units that are organized in a developmentally appropriate and purposeful sequence. The resources that The Academy for Business & Technology uses are aligned to the CCSS for English Language Arts and Mathematics. The Academy for Business & Technology also uses resources aligned to the new Michigan Science Standards (MSS) for instructions in Science. For Social Studies, they are aligned to Michigan's Grade Level Content Expectations (GLCE). All resources are located in the Staff Resource Binder for easy access for all staff members. Below are some of the resources that The Academy for Business & Technology uses to support the Understanding by Backwards Design process.

5. The aggregate student achievement results from any local competency tests or nationally normed achievement tests.

***M-STEP Spring 2021:**

ABTE				
MSTEP ELA 2021				
Grade	Average Score	Number Proficient	Number Tested	Percent Proficient
3	1280.75	5	24	20.83%
4	1374.82	5	28	17.86%
5	1480.03	5	36	13.89%

MSTEP Math 2021				
Grade	Average Score	Number Proficient	Number Tested	Percent Proficient
3	1266.78	3	23	13.04%
4	1362.46	0	26	0.00%
5	1461.08	1	36	2.77%

MSTEP Science 2021				
Grade	Average Score	Number Proficient	Number Tested	Percent Proficient
5	1467.69	3	32	9.37%

MSTEP Social Studies 2021				
Grade	Average Score	Number Proficient	Number Tested	Percent Proficient
5	1456.69	2	29	6.89%

6. Identify the number and percentage of students represented by parents at parent-teacher conferences.

2020-2021

K-5: 60% of students were represented by parents at parent-teacher conferences.

I would like to personally congratulate the staff, students and families of the Academy for Business & Technology on a successful school year. Thank you for choosing The Academy for Business & Technology for your child's education. We look forward to continuing to provide a quality education to you and your family.

Sincerely,

 School Leader

The National Assessment of Educational Progress (NAEP) is periodically administered by the U.S. Department of Education based on assessments administered to samples of students in each state. Federal regulations require the display of state level NAEP data on the Annual Education Report. These data represent the performance of the most recent sample of Michigan students on the NAEP.
